

Dear company.

First of all, thanks for giving us the opportunity of letting you know what is all about. Symphony Barcelona is not a usual event at all. While some events are backed by a company and, year after year, they build another edition of several tracks, many attendees and a lot of fun, Symphony Barcelona is created by the community, for the community and with the support of the community. We have tons of fun as well, of course, but our existence is because people want it.

Seems something really usual, but is not.

Symphony Barcelona is 100% focused on people and companies that want to grow with Symphony technology. We help them by creating interesting events with international speakers, by compiling a thin but strong network of contacts and by gathering people once every four months.

And this works. It works as should.

So the question is... why all these mechanisms work properly together?

Easy, in fact.

Because of you. Because companies based in Barcelona (or not) with the capacity of helping this community want all this synergy to be a truth. Because you love our local events and because you really want them to be even bigger edition after edition. Because you really understand that without you we are nothing and that the real knowledge stays at the brains of geniuses, instead of having them in front of us, teaching some light.

We want you with us. And because people have the right to attend our events freely, we will never create local events with entry costs. So we need some support in order to create nice events with nice experiences.

We will finally give you some extra reasons to be our sponsor.

- * Because you are looking some engineers for your company. Being our sponsor you will be known by a lot of people in the city, so maybe can be useful.

- * Because you expect it soon. It's much easier for an already known company.

- * Because you want it, no matter your company needs. You really want all this happen.

We are really looking forward to see you soon, in our next Symphony Barcelona event. Don't hesitate to ask us by using our email symfonybarcelona@gmail.com.

Thanks :)

Symphony Barcelona team

Regular Sponsor

- **150€** per event
- Mention during the event promotion on Twitter
- Mention during the event
- Small logo in the Symphony Barcelona website
- Possibility to provide some stickers, goodies or shirts.

Premium Sponsor!
